

Monkey Tail and Tear Drop Key Locking Window Handles

Beautifully designed, Heritage style window furniture designed to mimic the look of old-fashioned 19th century ironmongery. To create traditional period charm but with modern techniques.

Choose from a Monkey Tail or Tear Drop design with matching decorative or operating stays, in a range of perfectly matching Hardex finishes.

Create timeless elegance with Fab&Fix

Distinctive styled furniture, in a choice of two beautiful designs, fully suited to the Fab&Fix Heritage range. Creating that traditional period charm but with the strength of modern design. To complete the look of your heritage style window, choose a perfectly matching decorative 'dummy' stay or operating peg stay.

For security, the handles feature cut key locking and incorporates a positive stop to latch automatically on closing, for added peace of mind. Particularly suited to new style flush casement windows, the slim handle design works with the narrow sightlines.

Choose from a wide range of Hardex finishes including Hardex Chrome, Hardex Graphite, Hardex Gold, Antique Black and Hardex Pewter (coming soon). Handles are available in a choice of 30mm, 40mm, 45mm and 55m spindles sizes, with perfectly colour matched screws, for a flawless finish to any window.
